FOR MODERN ARCHITECTURE

ABOUT TECHNOGATES

India's Most Trusted Gate Automation Company

TechnoGates is a leading gate automation and manufacturing company dedicated to delivering innovative, secure and aesthetically designed entrance solutions for residential, commercial and industrial properties. With a strong focus on quality craftsmanship and advanced automation technology, we create customised gate systems that blend functionality, durability, and modern design.

Our expertise covers sliding gates, swing gates, cantilever gates, designer gates, industrial gates, boom barriers and smart access control systems. At TechnoGates, we believe that an entrance is more than just an entry point — it is the first impression of a property.

OUR VISION

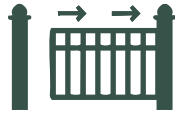

To become India's most trusted gate automation company by setting new standards in quality, technology and design — creating safer, smarter entrances.

OUR MISSION

To provide premium-quality automation solutions combining security, durability and modern design through continuous innovation and a customer-first approach.
